

Note that the following lists JBLM installation requirements and requirements under which JBLM installation management operates. This list should only be used as a starting reference. When addressing their own legal and other requirements, organizations should identify and incorporate their organization- and mission-specific requirements and may revise the following based on applicability to organization actions and impacts.

The most current version of this document is available at http://www.lewis-mcchord.army.mil/publicworks/sustainability/EMS/legal_requirements.aspx.

This list is organized by type of requirement rather than subject area and utilizes the following acronyms:

USC – United States Code
CFR – Code of Federal Regulation
FR – Federal Register
WAC – Washington Administrative Code
RCW – Revised Code of Washington
DODI – Department of Defense Instruction
AR – Army Regulation
FM – Field Manual
PS – Policy Statement

Some documents referenced may retain legacy Fort Lewis or HFL designations until they are revised as JBLM documents or HJB forms. The listing will be periodically reviewed and updated.
